

MARCH 31, 2006

WHAT'S NEW?

GIVE YOUR NEIGHBORHOOD A LITTLE "SCOTTSDALE TLC"

NEW AMENITIES TO CHAPARRAL PARK

CHAPARRAL WATER TREATMENT OPEN FOR BIZ

A SIGN OF GOOD TIMES AN INTERGOVERNMENTAL PARTNERSHIP MAKES FOR A MORE BEAUTIFUL SCOTTSDALE

SCOTTSDALE STADIUM HITS A HOMERUN

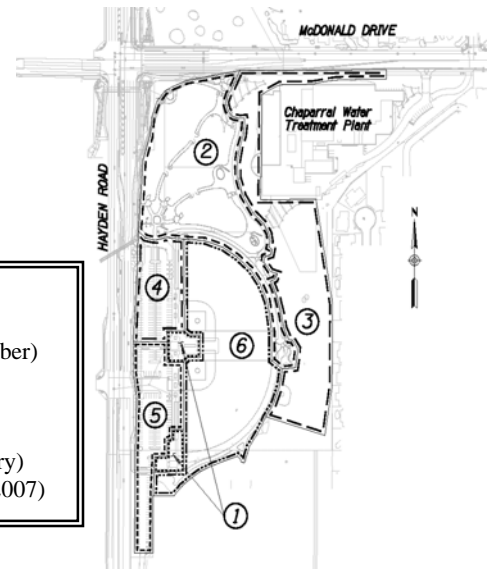

GIVE YOUR NEIGHBORHOOD A LITTLE "SCOTTSDALE TLC" As part of Scottsdale's Neighborhood Revitalization program, the city is providing two free services to residents/community volunteer groups that organize neighborhood cleanup efforts. The **Neighborhood Cleanup program** provides a 30-yard roll off (refuse bin) to assist qualifying Scottsdale residents with accumulated debris in their neighborhood. The **Scottsdale Tool Lending**

Center (TLC) program provides a trailer loaded with landscape tools to qualifying Scottsdale residents and/or community volunteer groups who organize a clean up/beautification project within Scottsdale. Both programs require 5 or more households or volunteers to participate and an application to be filled out. For more information, call (480) 312-3111.

NEW AMENITIES TO CHAPARRAL PARK Construction on Chaparral Park Extension has begun with the off-leash area (see # 2 in diagram) on the southeast corner of the Hayden and McDonald intersection. The current, temporary off-leash area will remain open until the completion of the new facility. A Xeriscape Demonstration Garden (see # 3 in diagram) is also planned for construction this month as well as the construction of a new restroom facility and maintenance building (see #1 in diagram). The last phase of construction includes the addition of two lighted ball fields (see # 6 in diagram). The park extension project will be under construction through February of 2007.

Construction Phasing

- 1 – Restrooms (March – October)
- 1 – Maintenance Building (March – October)
- 2 – Off Leash Area (April – August)
- 3 – Xeriscape Garden (April – October)
- 4 – North Parking Lot (April – October)
- 5 – South Parking Lot (October – February)
- 6 – Light Ball Fields (August – January 2007)

Scheduled work hours continue to be 7 a.m. to 7 p.m. For more information, call (480) 312-7869.

CHAPARRAL WATER TREATMENT OPEN FOR BIZ Over the next several months, the Chaparral water treatment plant will begin producing drinking water. With the capacity to produce 30 million gallons of drinking water per day, the plant will process water and serve primarily those residents and businesses south of the Arizona Canal. Water from the new plant (from the Arizona Canal) will be blended with water from our current sources as it enters the distribution system. For information, call (480) 312-7869.

A SIGN OF GOOD TIMES Be on the lookout for new city park entry signage! In partnership with the Scottsdale Public Art program, various Scottsdale city parks are receiving a face-lift in the form of new park entry signs. Depending on the park, two designs have been created: a multi-colored and a corten steel design. Old park signs have been or will be removed and installed in Eldorado, Pima, Chesnutt, Chaparral, Vista del Camino and Paiute Parks. In total, 24 city-owned neighborhood and community parks will receive 30 new entry markers within the coming years. For more information, call Leslie Clark, parks & recreation manager, (480) 312-2425, lclark@ScottsdaleAZ.gov

AN INTERGOVERNMENTAL PARTNERSHIP MAKES FOR A MORE BEAUTIFUL SCOTTSDALE Every month, the City of Scottsdale's Code Enforcement office partners with Maricopa County in clean-up projects in Scottsdale. This month, the team cleared a total of 43 bags (nearly 400 gallons) of debris from the north and western portions of the canal bank running from Camelback to Chaparral roads. These monthly projects typically consist of trimming overgrown vegetation, disposing of debris and clearing any sight obstructions. For more information, call Malcolm Hankins, code enforcement manager, (480) 312-7759, mahankins@ScottsdaleAZ.gov.

SCOTTSDALE STADIUM HITS A HOMERUN Last Monday was Scottsdale Stadium's last Spring Training game and since the beginning of the season, more than 170,000 baseball fans were able to enjoy a great game in a new, state of the art to 18 games this spring: 14 Giants Baseball Classic games and one Scottsdale hosted 14 games, with a This coming month, the Giants move to Scottsdale Stadium to construction to begin at Indian hold their extended spring training league camp and games and rehabilitation at the stadium through October 2006. For more information, call Tiffani Nichols, stadium coordinator, (480) 312-2856, tnichols@scottsdaleaz.gov.

facility. The stadium played host home games, three World exhibition game. Last year, total attendance of over 147,440. minor league operations will allow for the second phase of School Park. The Giants will games and practices, rookie instructional league and
